Dear Messrs Bahwan,

**Subj: Thanks and Appreciation**

I am writing to thank you for your support in helping the Sultan Qaboos Naval Academy prepare for the Commander Royal Navy of Oman's biennial inspection which was completed last week. We achieved a very good result with the inspection and this was a reflection of the whole team's effort, including your staff, who completed such important work with regards to facilities maintenance.

Your support was genuinely appreciated. As the Commandant of the Sultan Qaboos Naval Academy, I always strive to make improvements to the organization, but this cannot be done without the support of people like you and your staff. Please pass on my thanks to your team for their professionalism and hard work. I look forward to working with you again in the future.

Regards,

Commodore  
Salim bin Saif bin Masoud Al Mezeini  
Commandant, SQNA
