After Compliments,

We would like to appreciate the services of Mr.Pradeep Karumathil in our Hospital .He joined the B.B.Ali Hospital on 18/3/2004.He is very efficient and hardworking. We would like to especially highlight that during the time of (Gonu) tropical storm he was located within the hospital premises and helped in management of all services without any breakdown.

We wish him all the best in all future endeavors for his sincere attitude.

CERTIFICATE

This is to certify that **Mr. PRADEEP KARUMATHIL** Code No.32798 of M/s. **Bahwan Engineering Company LLC.** is serving as a 'Mechanical Technician' in the Engineering Maintenance Department of the Ministry of Health, South Sharqiya Region, Sultanate of Oman from 28 July 2000 till date.

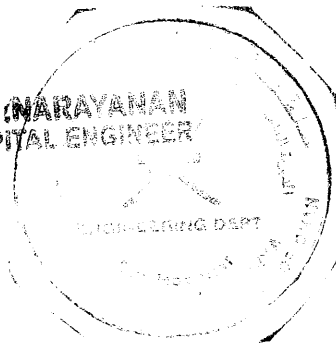

His job involves trouble shooting, repairs and planned preventive maintenance of various types of Mechanical equipment associated with all the Health Care Institutions and Facilities of South Sharqiya Region in Oman. He is technically sound, practically excellent and highly proficient in his field especially in Kitchen, Laundry and Sterilization equipment. Through his dedicated services he had proved beyond doubt that he is an able Technician with lot of caliber.

He is a sincere, honest and cheerful youngster with lot of flare and is ready to accept challenging assignments. His association with other staff is commendable and I personally appreciate his pleasing manners. He has a positive approach in discharging his duty and cooperates well with colleagues.

I personally pray and wish him the very best in his future endeavours.

A K Narayanan,
Hospital Engineer,
South Sharqiya Region.

A. K. NARAYANAN
HOSPITAL ENGINEER
